§ 1778.7

(b) In the case of grants made to alleviate a significant decline in quantity or quality of water available from the water supplies of rural residents, the applicant must demonstrate that the decline occurred within two years of the date the application was filed with the Agency. This would not apply to grants made for repairs, partial replacement, or significant maintenance on an established water system. In situations involving imminent decline, evidence must be presented to demonstrate that the decline is likely to occur within one year of the date the application is filed with the Agency.

§1778.7 Project priority.

Paragraph (d) of this section indicates items and conditions which must be considered in selecting applications for further development. When ranking eligible applications for consideration for limited funds, Agency officials must consider the priority items met by each application and the degree to which those priorities are met.

- (a) Applications. The application and supporting information submitted with it will be used to determine the proposed project's priority for available funds
- (b) State Office review. All applications will be reviewed and scored for funding priority using RUS Bulletin 1778–1. Eligible applicants that cannot be funded should be advised that funds are not available.
- (c) National Office review. Each year all funding requests will be reviewed by the National Office beginning 30 days after funds from the annual appropriation are made available to the Agency. Reviews will continue throughout the fiscal year as long as funds are available. Projects selected for funding will be considered based on the priority criteria and available funds. Projects must compete on a national basis for available funds, and the National Office will allocate funds to State offices on a project by project basis.
- (d) Selection priorities. The priorities described below will be used by the State Program Official to rate applications and by the Assistant Administrator of Water and Environmental Programs to select projects for funding. Points will be distributed as indi-

cated in paragraphs (d)(1) through (d)(5) of this section and will be considered in selecting projects for funding. A copy of RUS Bulletins 1778–1 and 1778–2 used to rate applications, should be placed in the case file for future reference.

- (1) Population. The proposed project will serve an area with a rural population:
 - (i) Not in excess of 1,500—30 points.
- (ii) More than 1,500 and not in excess of 3,000—20 points.
- (iii) More than 3,000 and not in excess of 5,000—15 points.
 - (iv) Over 5,000—0 points.
- (2) *Income*. The median household income of population to be served by the proposed project is:
- (i) Not in excess of 70% of the statewide nonmetropolitan median household income—30 points.
- (ii) More than 70% and not in excess of 80% of the statewide nonmetropolitan median household income—20 points.
- (iii) More than 80% and not in excess of 90% of the statewide nonmetropolitan median household income—10 points.
- (iv) Over 90% of the statewide non-metropolitan median household income—0 points.
- (3) Significant decline. Points will be assigned for only one of the following paragraphs when the primary purpose of the proposed project is to correct a significant decline that has occurred in the:
- (i) Quantity of water available from private individually owned wells or other individual sources of water—30 points; or
- (ii) Quantity of water available from an established system's source of water—20 points; or
- (iii) Quality of water available from private individually owned wells or other individual sources of water—30 points; or
- (iv) Quality of water available from an established system's source of water—20 points.
- (4) *Imminent decline*. The proposed project will attempt to avert an imminent decline expected to occur during the one-year period following the filing of an application—10 points.

(Note: If points were assigned above for a significant decline, no points will be awarded for imminent decline.)

- (5) Acute shortage. Grants made in accordance with §1778.11(b) of this part to assist an established water system remedy an acute shortage of quality water or correct a significant decline in the quantity or quality of water that is available—10 points.
- (6) Discretionary. In certain cases the Administrator may assign up to 30 points for items such as geographic distribution of funds, rural residents hauling water, severe contamination levels, etc.

§ 1778.8 [Reserved]

§1778.9 Uses.

Grant funds may be used for the following purposes:

- (a) Waterline extensions from existing systems.
 - (b) Construction of new waterlines.
 - (c) Repairs to an existing system.
- (d) Significant maintenance to an existing system.
- (e) Construction of new wells, reservoirs, transmission lines, treatment plants, and other sources of water.
 - (f) Equipment replacement.
 - (g) Connection and/or tap fees.
- (h) Pay costs that were incurred within six months of the date an application was filed with the Agency to correct an emergency situation that would have been eligible for funding under this part.
- (i) Any other appropriate purpose such as legal fees, engineering fees, recording costs, environmental impact analyses, archaeological surveys, possible salvage or other mitigation measures, planning, establishing or acquiring rights associated with developing sources of, treating, storing, or distributing water.
- (j) Assist rural water systems to comply with the requirements of the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.) (FWPCA) or the SDWA when such failure to comply is directly related to a recent decline in quality of potable water. This would not apply to changes in the requirements of FWPCA or SDWA.
- (k) Provide potable water to communities through means other than those

covered above for not to exceed 120 days when a more permanent solution is not feasible in a shorter time frame.

§ 1778.10 Restrictions.

- (a) Grant funds may not be used to:
- (1) Assist any city or town with a population in excess of 10,000 inhabitants according to the most recent decennial census of the United States. Facilities financed by RUS may be located in non-rural areas. However, loan and grant funds may be used to finance only that portion of the facility serving rural areas, regardless of facility location.
- (2) Assist a rural area that has a median household income in excess of the statewide nonmetropolitan median household income according to the most recent decennial census of the United States.
- (3) Finance facilities which are not modest in size, design, cost, and are not directly related to correcting the potable water quantity or quality problem.
 - (4) Pay loan or grant finder's fees.
- (5) Pay any annual recurring costs that are considered to be operational expenses.
- (6) Pay rental for the use of equipment or machinery owned by the rural community.
 - (7) Purchase existing systems.
- (8) Refinance existing indebtedness, except for short-term debt incurred in accordance with §1778.9(h).
- (9) Make reimbursement for projects developed with other grant funds.
- (10) Finance facilities that are not for public use.
- (b) Nothing in paragraph (a)(1) of this section shall preclude rural areas from submitting joint proposals for assistance under this part. Each entity applying for financial assistance under this part to fund their share of a joint project will be considered individually.

§1778.11 Maximum grants.

(a) Grants not to exceed \$500,000 may be made to alleviate a significant decline in quantity or quality of water available to a rural area that occurred within two years of filing an application with the Agency, or to attempt to avoid a significant decline that is expected to occur during the twelve
